WILL BUILD ON MAIN STREET

S. M. SHAW PURCHASES LOTS ON EAST MAIN AND WILL ERECT COMMODIOUS BUILDING.

The man who said that the building operations which began in 1910 would slacken up in 1911 seems to have another guess coming. The \$25,000 depot that will be erected by the Frisco is a good beginning, and what private citizens do during the year will keep the work of improvement going forward without any interruption.

The next buildings on docket are three on East Main that will fill in the gap between the new Pontotoc building and the one occupied by Harvey Luther. Next to the Pontotoc building S. M. Shaw will erect a big store house 50x100 feet with a basement, which he will occupy with his Nickel Store as soon as completed. The contract will be let for the buildings in the near future and before summer will be ready for occupancy. It is not known yet who will occupy the third building which will be erected by H. T. Douglas, but in view of the demand for houses that has always existed in Ada, it will probably be occupied as soon as completed.

Mr. Shaw, who began business in Ada a few years ago with very limited capital, has expanded it to an extent that makes it absolutely necessary for him to have more room, and while he is about it he sees no reason why he should not move into a building of his own. The News wishes him continued prosperity in his new enterprise.

INDIA RUBBER FROM UNOPENED COTTON BOLLS

Austin, Tex., Jan. 20.—A method of making from unopened cotton bolls a new product, said to be an excellent substitute for hard rubber, has been recently invented, according to a letter to Governor Colquitt from W. P. Wilson, director of the Commercial Museum, Philadelphia. The information was extended to the governor by reason of his position as chairman of the cotton conference of Southern governors.

Mr. Wilson wrote that 5 to 10, sometimes 15 per cent of the cotton crop often is lost by reason of the failure of the boll to open before the cold weather.

The new method will fully utilize these bolls, and 3c to 4c a pound can be obtained for them, the "substitute for rubber" being manufactured for 10c to 20c a pound, considerably less than the cost of the vulcanized article.

This discovery, it was noted, if successful, should prove of great benefit to farmers, bringing substantial returns on that part of the crop now considered a loss.

D. W. SWAFFAR ANNOUNCES

OFFERS HIMSELF AS CANDIDATE FOR REGISTER OF DEEDS, GOOD RECORD BEHIND HIM.

First boss on the track. That's D. W. Swaffar, who authorizes the News to announce his candidacy for the office of Register of Deeds, subject to the action of the democratic primary in August.

D. W. Swaffar is a man who needs little introduction to the people of Pontotoc county, because he has lived within its borders for the past nine years. He first came to Ada as bookkeeper for W. C. Rollow, and later moved to Stonewall to accept a position with Rollow & Jackson. When Mr. Hargis took his office five years ago he wisely appointed Mr. Swaffar as his deputy and in this capacity he has had much of the responsibility of the office on his shoulders, and it is largely due to his careful and systematic manner of handling the great volume of business that has made the register's office one of the best conducted in the county. In the tangle that marked the transition from territorial to state government, the position was an extremely difficult one, and in many counties of the state the tangle has not yet been straightened out. Mr. Swaffar was well fitted for the position by serving two terms as tax assessor of Cleburne county, Arkansas, which position gave him an excellent training in handling land descriptions and in keeping county records straight. With his experience as deputy Mr. Swaffar knows every detail of the office, and if elected, will have to lose no time in becoming familiar with the duties of the position.

One very essential qualification that he possesses to an eminent degree is that of uniform courtesy to all alike. No matter how crowded with work he may be, Mr. Swaffar always finds time to be courteous and to hunt up any information wanted and otherwise give the best attention possible.

Not only has he given good and efficient service in his office, but he has found time to do his part in other lines of progressive citizenship, and is at present serving as a member of the school board.

Mr. Swaffar invites a careful consideration of his claims, convinced that an investigation of his record will show any unprejudiced person that he can be relied upon to faithfully discharge the duties of an office requiring the most careful supervision to keep in a systematic matter.

Paper Bag Cookery.

Oklahoma City, Jan. 20.—Paper bag cookery, under the able instruction of Miss Irma Matthews and Miss E. A. Durant, of the Women's auxiliary of the Farmers' Institute Department of the State Board of Agriculture, has been attracting much attention among the ladies of the state. In a three days' visit at Lawnee and Cleveland last week, over three hundred ladies were present and all voted paper bag cookery a great success. It is something along the line of the fireless cooker, and is said to do wonders in helping the article cooked restrain its flavor.

GENERAL BRANT KIRK DELIVERS ADDRESS

Last evening a good sized audience heard Brant Kirk's lecture at the Baptist church on the life of Gen. R. E. Lee. A number of Confederate veterans were present, and were invited to seats on the platform.

After being introduced by J. W. Davis, Mr. Kirk gave a sketch of Lee's life, and noble character, holding up as a man worthy of emulation by all coming generations. He summed up the man's greatness by declaring that if one mistake could be charged against him, a hundred successes could be found to offset it. Especially did he applaud the work of the great leader in time of peace

when he admonished all both by precept and example to cherish a true Christian spirit instead of bitterness towards the late enemy.

Although Gen. Lee was primarily the subject of the address, Mr. Kirk took occasion to refer to the part the South and southern men have played in the history of the nation, and deplored the fact that although they had made so much of the history of the country, so few Southern men have ever taken time to write any of it, leaving it to unfriendly historians of the north to place the South in an unfair light before the world.

OKLAHOMA CITY MAY DROP FROM TEXAS LEAGUE

Austin, Tex., Jan. 20.—While President Wilbur Allen has received no formal notice from Abner Davis that Oklahoma City will refuse to pay its indebtedness to the Texas baseball league, he said tonight that should Mr. Davis take such action, the Oklahoma City franchise would certainly be forfeited, furthermore, he said, that it was beginning to look as if the Texas league would be a six-club league next year, composed of Dallas, Houston, San Antonio, Fort

Worth, Austin and Waco, as the majority of the clubs have voted for a six-club league since the Galveston franchise has been forfeited and it seems that similar action must be taken with regard to Oklahoma City. All negotiations for the Galveston franchise have failed. A meeting of the league owners will be called for next week and at that time the entire case will be threshed out.

causes heartburn, sour stomach, nervousness, nausea, impure blood, and more trouble than many different kinds of diseases. The food you eat ferments in your stomach, and the poisons it forms are absorbed into your whole system, causing many distressing symptoms. At the first sign of indigestion, try

NORMAL NEWS

To the Public in General.

The normal has always maintained a rather independent spirit in regard to finances for pushing things which the state makes no provision for in their appropriations for the maintenance of the school. We have tried to do these things ourselves depending on the town only for the patronage of our entertainments, lyceum numbers, athletic contests, and the like.

We have through various hindrances, that is, in athletics, gone very deeply in debt and our athletic relations with the other schools of the state will be severed unless the debt can be liquidated. The way in which we have sought to overcome this debt is by giving a series of entertainments one of which is the play "Comrades" which will be given soon. We have simply got to get that debt off or our athletics are all over. We want you to help us by coming, or if you can't come at least buy a ticket to it. Boost it, advertise it. It will be worth your time.

We intend to have a base ball team again this year, a winning team such as we had last year. We will probably arrange a schedule and then sell enough season tickets, etc., to finance the season. We know that there are quite a few people who are interested in the athletics of the normal and will gladly do anything in their power to keep them going. We want everybody to be a booster. You are all glad that the school is here. You would all hate to see any phase of its work dropped. We want everybody to boost it.

An examination for state certificates will be held Jan. 25, 26 and 27. Examinations for county certificates will be held at the same date.

Seven new students have enrolled during this week.

All that keeps us from having some fine basket ball games is a hall in which to play.

Pres. C. W. Briles returned from Tupelo last night where he addressed the pupils of the High School and the citizens of the town.

The monthly issue of the "Normal Visitor" is being sent out today.

The preliminary reading contest for the selection of the reader to accompany the debating team to Durant will be held within the next ten days.

LADY GODIVA

The story of Lady Godiva of Coventry, England, in the eleventh century, who delivered her townspeople from the burden of taxation by riding mantled in the luxuriant masses of her golden hair, is a tale that has oft been told and well known as one of the greatest deeds of public devotion recorded in history. This magnificent portrayal tells the story in its entirety, not excepting "Peeping Tom", and reproduces with accuracy the quaint buildings, the odd costumes and the manners and customs of the famous town of Coventry. This exceptional picture has been produced by the Vitagraph Co. with a select company of artists, and no expense has been spared in the matter of costumes. Lovers of the beautiful will enjoy a rare treat in seeing this great picture.

S.S.S. THE REMEDY FOR SORES AND ULCERS

The combination of healthful vegetable ingredients of which S. S. S. is composed, makes it an especially desirable and effective remedy in the treatment of sores and ulcers of every kind. Since an impure condition of the blood is responsible for the trouble, a medicine that can purify the blood cleanses the circulation, but one that at the same time restores the blood to its normal, rich, nutritive condition. S. S. S. is just such a remedy. It is made entirely of healing, cleansing vegetable properties, extracted from nature's roots, herbs and barks of the forest and fields. It has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity in the blood. When S. S. S. has purified the circulation, and strengthened and enriched it, sores and ulcers heal readily and surely, because they are no longer fed and kept open by a continual discharge into them of irritating disease-laden matter from the blood. S. S. S. brings about a healthy condition of the flesh by supplying it with rich, nourishing blood and makes a permanent and lasting cure. Book on Sores and Ulcers and any medical advice mailed free to all who write.

CHARGED WITH BOOTLEGGING

Last night the chief and the night policemen made a raid on the Brewster place in North Ada, arresting J. E. Lowery on a charge of having too much booze in his possession. Five gallons of alcohol was captured and confiscated. They also captured a lot of empty bottles which he was evidently preparing to fill with the snake medicine.

The alcohol is said to have been shipped in a package marked to indicate that it contained produce instead of intoxicating liquor, and some one may be called upon to face the federal court on that charge as well as introducing booze into the old Indian Territory.

Lowery was locked up pending a hearing on his case in the police court.

WILLIAMS AND KIRK WILL SPEAK

WILL ADDRESS CITIZENS AT 7:30 THIS EVENING IN THE INTEREST OF CHAMP CLARK.

Judge R. L. Williams of the Oklahoma Supreme Court, arrived this morning in response to an invitation from the Champ Clark club of Ada, and as previously announced, he and Brant Kirk will address the citizens of the county at the city hall this evening at 7:30 on the candidacy of Clark.

The many ups and downs and battles of the past decade have resulted in making many warm friends for Judge Williams. He has been here through the thick of the fight, and has won the confidence of the people by his masterly manner of fighting his battles. Judge Williams is an enthusiastic supporter of Champ Clark for the presidential nomination, and this evening will deliver some effective blows for the big brained Missourian.

Gen. Brant Kirk will also deliver an address on the same subject. Brant is never so much at home as when on the political platform, where he can give free play to his natural wit and humor. In short, he and Judge Williams form a combination that cannot be beaten anywhere.

The Champ Clark club cordially invites everybody, especially the ladies, to hear these distinguished visitors this evening.

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become faded or gray, try Wyeth's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wyeth devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wyeth's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle. Special Agents, Gwin & Mays Drug Co.

BOILER TROUBLES OF NORMAL ARE OVER

There is rejoicing at the normal today over the fact that boiler troubles seem about at an end. The defective part that arrived a few days ago has been repaired at the machine shop of the cement plant, and the test to which it was subjected today gives promise of being a complete success.

The ladies who are in charge of the concert that will be given Monday evening by the Trier sisters are rejoicing, for it will give them a fair chance at this entertainment, something they have not had before.
